### Description

Vintage desk or table lamp from the 1960s/70s. A very beautiful lamp, perfectly in keeping with the style of Louis Kalff, a lamp designer for Philips in the 1960s/70s. Note the central three-light design, diffused by a white metal interior and a translucent plastic disc. An interesting and original system with a central bronze ball joint allows the shade to be tilted. The beautiful black, textured patina gives the lamp a certain elegance. A very attractive lamp to place on a desk or large piece of furniture to add a lovely touch of light. Shipping available within France and worldwide via secure, insured package with order tracking. Invoice and certificate provided. Collection possible in person at Mas d'Avalrich, Montescot 66200, France. Tel: +33 6 11 14 25 33.
