### Description

The painting depicts a splendid landscape depicted in the most typical Flemish tradition, where a wide variety of figures walk along the road beside a river. The scene is imbued with that inimitable fairytale aura that made the Belgian and Dutch masters famous. Indeed, the work takes us directly to that group of artists who looked to the extraordinary works of the Teniers father and son, and in particular David Teniers II "the Younger." Condition: In good overall condition, as shown in the images. Provenance: From a private Italian collection; the first evidence of provenance of the paintings in question is from a museum in Lima, Peru. Documentation: Purchase invoice (1998) from a Milanese auction house. Restoration: Cleaning completed in 2006. Technique: Oil on
