Description

Large Louis XV style Baccarat crystal cage chandelier with pendants and a large central dagger. The pendants are cut crystal, and the drop is a beautiful cut crystal ball with a star-shaped base. While our chandelier is a 1940s-50s production, illuminated by six candles plus three lights inside the cage, it has the perfectly balanced form of an 18th-century model. Very elegant, all the proportions are perfect. Our chandelier has been fully restored: all the pendants have been removed and cleaned individually, as has the bronze cage. The wiring has been replaced. It is in perfect condition.
Height: 88cm Diameter: approximately 45cm
