465 EUR

Signature : SALVATOR RIOLO

Period : 20th century

Condition : Etat d'usage

Material : Bronze

Length : 43 cm

Width : 11.5 cm

Height : 26 cm

Description

Perhaps it was thanks to this handsome, scantily clad athlete that the sculptor Salvator Riolo received a medal for his work in 1935? On its original marble base, this figure, entitled "The Hailer," is more like a stump puller... for it is a tree trunk at the end of its cable that seems to have resisted it for quite some time. This statue deserves a good cleaning.
