Description

A little gem of a watch movement with a Breguet cock, made in Paris. Very clean and ready to be replaced with its hands and case, the movement is complete, the chain is detached but still present. A curiosity worthy of the great and famous Swiss watchmaker established in the capital at the beginning of the 19th century, this numbered piece dates from the very beginning of the 19th century. Its beautiful mechanism and the fine engraving of the cock will captivate you. A quick visit to the watchmaker is all it takes; its heart is just waiting to beat for you... A collector's item for those who love the brand and its history.
