### Description

An interesting round table with drop leaves, crafted entirely from walnut, typical of the Umbrian region or the central Apennines throughout the 16th century. The piece is in good condition and retains a beautiful original wood patina. Upon request, the table can be restored to its original condition, as the patina has worn slightly over time. This restoration will be carried out using high-pressure polishing. The table measures 127 cm long x 71 cm high. The diameter of the open top is 120 cm. The depth of the closed table is approximately 42 cm. A certificate of authenticity is included with the sale.
