Description

Art Nouveau Gilt Bronze Mirror. This exquisite Art Nouveau mirror is adorned with a substantial gilt bronze decoration, elegantly illustrating the vegetal and organic vocabulary characteristic of the late 19th and early 20th centuries. The mirror, with its free and asymmetrical form, is accentuated by a finely crafted bronze frame composed of sinuous scrolls and delicately modeled floral motifs. The supple and dynamic lines seem to embrace the glass, lending the whole a great visual lightness and a truly striking decorative presence. The warm and luminous gilding highlights the quality of the chasing and provides a refined contrast to the purity of the beveled mirror. The balance between the glass and the metal ornamentation testifies to the care taken in the design and the naturalistic aesthetic
