Description

A pair of oil paintings on wooden panels depicting Italian urban views, executed in the first half of the 20th century. The works depict: o an Italian piazza scene animated by figures, o a Venetian view with a canal, gondola, and bridge. Both paintings are signed "G. S. Renzi" and feature a fluid, textured style, typical of early 20th-century Italian urban landscape painting, with particular attention to light effects and the urban atmosphere. The works are accompanied by impressive contemporary gilded frames, finely crafted and perfectly matched, which enhance the overall effect as a pair, ideal for staterooms, halls, or grand entrances.
