Description

Important Carrara marble sculpture depicting a young woman in a negligee, wearing a bonnet, with a sweet, smiling face reminiscent of the romantic young women in Greuze's paintings.

This young woman is shown kneeling on a rock, preparing to bathe. It is a romantic sculpture, and the delicacy of her facial features and charming pose are noteworthy. The sculpture is of high quality. Only a small finger is missing from one of her hands. The Carrara marble is of excellent quality. The work is likely Italian, dating from the Napoleon III period. This sculpture rests on a lovely gray marble base, which has a very small imperfection on one corner. A very beautiful sculpture of a young woman in Carrara marble, in the romantic style of the late 19th century.

Dimensions: 20 cm x 20 cm (base), 51 cm high.
