### Description

An elegant 18k white gold ring, set with a composition of baguette and round brilliant diamonds in a dynamic, undulating line. Rhythmically arranged baguette diamonds, framed by smaller round brilliant diamonds, create a subtle sense of movement and emphasize the architectural character of the design. This ring is attributed to the late modernist style, characteristic of the European fine jewelry tradition, where a rigorous geometric structure is combined with elegant, soft forms. The ring is marked with the maker's mark and the Lithuanian Assay Office hallmark.
