Glass Dome Slideshow Of Various Protected Birds Circa 1850 - 19th Century France

2 370 EUR

Period : 19th century

Condition : Très bon état

Material : Glass

Description

Diorama depicting eleven birds perched under a tempered glass dome. Second half of the 19th century. Dimensions of the dome: Height: 57 cm Width: 43 cm. Some bird species are now protected under Appendix II/B of CITES. However, due to their age, our specimens benefit from pre-CITES status, which came into force in France on August 11, 1978 (Decree 78-959 of August 30, 1978). If the buyer does not reside in the European Union, they will need to apply for a CITES export permit.
