Description

We present this splendid small bronze sculpture depicting the bust of a young woman dating back to the early 20th century. The sculpture is signed GEMITO on the back, likely by Vincenzo Gemito (Naples, July 16, 1852 - Naples, March 1, 1929), an Italian sculptor, designer, and goldsmith. This refined bust depicts a young woman with her hair tied back and a generous neckline; the artist likely intended to depict "The Nurse," a typical subject in a veristic style. On the back, there is a no longer legible stamp, likely from the foundry. This small bronze will not go unnoticed by your guests; its artistic beauty can enrich any room in your home. Furthermore, its small size allows you to easily place it on any display alongside your sculpture collection.
