Description

This unique bar trolley, typical of the mid-20th century, was made in France in the 1960s. Please see all the photos to admire the ornamentation and the details of the ironwork up close. The glass is slightly smoked, and the brass patina is more silver than gold. The upper glass shelf is 64.5 cm high, and the lower shelf is 22 cm high. A superb decorative and practical piece, emblematic of the mid-20th century.
