Description

A powerful seascape depicting a ship battling a raging sea, its hull fighting against monumental waves beneath a heavy sky. René Lenormand delivers a spectacular scene with a strong visual impact. The composition plunges the viewer into the heart of the action: the listing, almost submerged ship emerges between two waves of intense turquoise. The paint is applied generously, the brushstrokes energetic, almost sculpted, powerfully conveying the movement and violence of the elements. The contrast between the white foam and the deep greens of the sea creates a particularly effective dramatic tension. Signed lower right. Technique: oil on canvas. Signature: lower right. Period: 20th century. Condition: good overall condition.
