Description

This large carved wooden sculpture, signed by the artist R. Géroutet, is a work that exudes authenticity and artisanal skill. It depicts a farmer guiding a plow pulled by two oxen, a scene that embodies agricultural tradition and the profound connection between humankind and nature. Every detail of this piece testifies to meticulous and passionate work. The farmer's features, clothing, and posture reflect realism and respect for those who have shaped our rural landscapes. The powerful and majestic oxen are sculpted with a precision that captures their strength and their essential role in fieldwork. The sculpture's dimensions make it an imposing and remarkable piece: 72 cm long, 27 cm high, and 22 cm deep. These generous proportions allow one to fully appreciate the richness of detail and the depth of

the wood's texture, which seems to tell a story with every glance. The wood used, weathered by time or treated to evoke this effect, adds a touch of warmth and character to the piece. The discreet yet present signature of R. Géroudet attests to the artistic origin of this work and makes it a collector's item for lovers of art and rural history. This sculpture does more than simply decorate a space; it animates it and gives it a soul. Whether in a contemporary interior or a country-style home, it will attract attention and inspire admiration. It is ideal for collectors, enthusiasts of folk art, or anyone sensitive to the beauty of objects imbued with history. Treat yourself to this unique piece, where art and tradition meet to celebrate rural heritage. A timeless piece that will undoubtedly become the focal point of your collection or décor.
