Antique carved and gilded wooden frame - 18th century

Antique carved and gilded wooden oval frame, richly decorated with a continuous motif of flowers and leaves carved in full relief. The gilding has a pleasant patina with age-appropriate wear, enhancing its authentic and decorative character.

The carving is of good craftsmanship, with a harmonious and dynamic floral composition, typical of decorative art between the late 18th and early 19th centuries. It may have been originally designed as an ornamental garland, but in later centuries a natural wood backing was added to accommodate a painting. Ideal for mirrors, miniatures, paintings, or as a wall ornament. A
