Description

A beautiful framed set of Tuscan (Italy) terracotta cameos depicting Greek and Roman gods and goddesses from mythology. These delicate cameos, mounted directly onto marbled paper, have been brought together in a 20th-century molding with a wide, gold-leaf cornice. Removed from their original educational case, they are presented to showcase a carefully curated collection in various shades of terracotta, worthy of a "Cabinet of Curiosities." In good condition and of high decorative value, this lovely frame is sure to captivate and immerse us in Antiquity and its pagan mysticism, which influenced many artists. A refined addition to this neoclassical decor.
