

Louis XV Period Night Clock Signed De Beu In Paris

6 800 EUR

Signature : De Beu à Paris

Period : 18th century

Condition : En l'etat

Material : Bronze

Description

Rare night clock signed De Beu in Paris. It is in beautiful condition but in its original, unrestored state. A small restoration is needed on the garland of flowers on the side (see photo). The bar for the number 12 is missing. This clock has remained entirely in its original condition, without any alterations or additions, which is rare! The movement is also original, with a verge escapement. An identical clock signed De Beu was sold by the Rouillac auction house in 2023 for over EUR10,000.
