Description

ceramic piece signed by Pierre Bayle, made of terra sigillata. Dated April 10, 1985. The colors are warm. Its modern, ovoid shape occupies the space and expresses a purity characteristic of this artist's style. He uses an ancient technique (terra sigillata) which allows him to reveal the natural beauty of the clays used and also simplifies the manufacturing process through single firing. An environmentally friendly approach for the time being. Attention collectors, a rare piece on the market
