

18th Century Vise Jaw

450 EUR

Period : 18th century

Condition : Bon état

Material : Wrought iron

Description

Antique wrought iron vise jaw - 18th century.
This wrought iron vise jaw, dating from the 18th century, is recognizable by its characteristic bird's beak shape. Used by blacksmiths and locksmiths, it allowed for the precise holding of irregularly shaped pieces. An ideal collector's item for enthusiasts of antique tools or for workshop decoration.
