### Description

This work depicts a saddled horse, seen in profile, in a calm and slightly flexed posture. The animal is rendered with great attention to anatomy and volume, emphasizing the musculature and bone structure. The background is deliberately sketched in a simplified manner, revealing the brushstrokes and reinforcing the study's character. The palette, dominated by browns, ochres, and grays, lends the whole a sober and realistic atmosphere. Preparatory oil study on cardboard. Later period frame. Shipping within France: EUR20.
