Description

This four-leaf box served as a physical catalog for dentists and dental technicians to choose the shape, size, and color of artificial teeth best suited to their patients. More specifically, it's a collection of heel-shaped teeth. The box is in good used condition. Two teeth and the two metal clips on the lid are missing. Consequently, the box cannot be locked. This box was manufactured by the Steen & Zech dental factory in Zurich, founded in 1936 and renamed Candulor AG in 1964. Box dimensions: 37.5 cm x 28.2 cm - 6.8 cm high. Thank you for your visit.
