### Description

Beautiful and large pair of Chinese cloisonné vases from the 1950s/1960s, crafted from cloisonné enamel on copper in a baluster shape. This pair of vases features a floral design. It is a true pair, as the decorative elements are perfectly reversed. The necks are adorned with friezes of stylized lingzhi mushrooms and a brass band that subtly enhances the overall effect. This pair retains its original blackened wood bases. It is in very good condition, with no missing pieces. The dimensions are a total height of 62 cm with the bases (52 cm without). The vases are 25 cm in diameter, and the bases are 27 cm in diameter. Delivery within France.
