### Description

Art Deco Marbled Glass Bowl Signed Schneider. Elegant stemmed bowl in marbled glass, signed Schneider, Art Deco style. The bowl, slightly polylobed around its rim, displays a superb gradient of warm amber and deep orange tones, enhanced by a rim in shades of golden brown. The slender, harmonious, tapered stem rests on a dark circular foot with purplish hues, creating a refined contrast characteristic of Schneider's interwar production. The signature "Schneider," affixed in gold to the foot, confirms the piece's authenticity. This bowl comes from a carefully assembled private collection of Art Deco glassware. Dimensions: Height 17cm, Diameter 32cm. Condition: Very good condition. No chips or cracks. Minor signs of wear consistent with the piece's age.
