Description

Mazandaran Kilim Rug Dimensions: 350 × 210 cm
A refined example of traditional weaving from the Mazandaran region, this Kilim is crafted using the flatweave technique, which gives it a lightweight structure without pile. This method makes it fully reversible, highlighting the artisanal quality and the clarity of the decorative motifs on both sides. Its generous proportions (350 × 210 cm) make it particularly suitable for large spaces, where it can be used both as a floor covering and as a decorative wall piece. Its versatility also allows it to function as a wall hanging, a solution that enhances its design and vibrant coloration. A piece that combines functionality with aesthetic value, ideal for both classical and contemporary interiors seeking a distinctive textile accent.
