Description

Three-piece mantelpiece set in Louis XV style
This mantel clock and two matching five-armed candlesticks are made of bronze with a natural patina that gives them character, but they can be polished for a brighter shine if desired. The design is richly detailed with curling lines and organic, floral motifs in French Rococo style. The clock needs to be serviced. The candlesticks are 26 cm wide and deep, with a total height of 35 cm. Both candlesticks have a removable drip tray. The clock is 27 cm wide, 9 cm deep, and 45 cm high. The candlesticks weigh 4.2 kg and the clock weighs 3.7 kg. Late 19th-century craftsmanship in Rococo style.
