Corinthian Column With A Twisted, Gilded, Carved Wooden Frame

1 100 EUR

Period : 18th century

Condition : Bon état

Description

A twisted Corinthian column in gilded wood, resting on a stepped, molded base. The helical shaft is carved with vine leaves and bunches of grapes in relief. It is surmounted by a Corinthian capital adorned with acanthus leaves and an octagonal top forming a pedestal. The whole piece has a golden-brown patina. A very fine 18th-century column with an octagonal top and a 19th-century square base. Height: 113 cm. Top width: 30.5 cm, including a 13 cm diameter inset. Base: 30.5 x 30.5 cm. Wear and patina consistent with age. Carefully packaged. Shipping available: France / International. Payment: Bank transfer / Credit card in showroom. We always reply promptly and thank you for remembering to check your spam folder. Our email address is: antiquitesmm@gmail.comIf you would like to see
