

## Imposing 17th-century Wrought-iron Defense, Large Cat Evisceration

330 EUR

Period : 17th century

Condition : Parfait état

Material : Wrought iron

Width : 26 cm

Height : 108 cm

Depth : 13 mm

### Description

Large and tall wrought iron defense, 108 cm x 26 cm, made from a very old wheel rim. An authentic piece, created freehand in a single gesture, hence its elegance and sincerity! The craftsman is a creator; he thinks, and his hand brings it to life! This pure and spontaneous union of man, fire, and iron is rare today.
