Description

A set of eleven knife rests...One of the two fish is missing! Made of molded blown glass...With sandblasted sections...And the difference is that the sandblasted sections are clear on the pendant and vice versa! For your information, this is a rare model...That's why, despite the missing one, I'm showing them...From the 1930s/40s...Signed YER with the word "registered" molded on each...Weight... 969 grams in total...
