Description

Murano art glass vase in a chalice or urn shape. Made using the traditional Italian millefiori technique, where numerous colorful glass mosaic pieces (murrine) are fused together to form a detailed, repeating floral pattern across the main body. The base and the two applied, wave-shaped handles are infused with 24K gold leaf, creating a metallic, reflective finish. A portion of the official red "Vetro Artistico® Murano" trademark label of origin is attached to the rim. The visible manufacturer code is 022, which corresponds to Effetre Murano srl. The glass exhibits a smooth, polished surface texture. Weight: 7 kg
