

Hand-carved Solid Wood Carp Sculpture - Vintage Asian Art, Late 19th Century

150 EUR

Period : 19th century

Condition : Très bon état

Material : Solid wood

Description

Elegant handcrafted sculpture in solid wood depicting a carp. The details of the scales, fins, and stylized waves highlight the craftsmanship. A beautiful natural patina gives this piece a vintage and authentic look. In many cultures, the carp symbolizes strength, perseverance, and prosperity, making this a decorative object that is both aesthetically pleasing and meaningful.

Condition: very good overall condition (no breaks, patina consistent with age). Signature: no visible signature. Dimensions: approximately 13cm x 5cm x 6cm high. Fast shipping and careful packaging.
