Description

Superb set of six solid silver teaspoons in the Empire style.The base of each spoon is decorated on both sides with a swan with outstretched wings. The handle, decorated with a net pattern, joins the back of the bowl in a broad palmette motif.Each spoon is hallmarked:Minerva 1st standard mark (pre-1973) for 950/1000 silverSilversmith's mark Tirbour in full with a travel bag. Probably for Charles Tirbour. However, the referenced hallmark for this silversmith has the initials CT and is different; I don't know if it's the same silversmith or a member of his family.A very beautiful set of spoons, understated and elegant with this swan decoration, a tribute to the Imperial era.11.8 cm long98.72 gramsVery good condition.
