### Description

Late 20th Century Emerald and Diamond Star Cluster Ring  
A striking late 20th-century star cluster ring, crafted in 18ct white and yellow gold. The ring features a raised, claw-set basket design centred with a square calibre-cut emerald measuring approximately 3.5mm, assessed at around 0.25 carats. The emerald is surrounded by four brilliant-cut diamonds, each approximately 0.15 carats, with two larger brilliant-cut diamond shoulders weighing approximately 0.25 carats each. The diamonds are arranged in a bold star cluster formation, creating strong visual impact and excellent presence on the hand. The gross diamond weight is estimated at approximately 1.10 carats. Ring weight: 4.6 grams. Finger size: N ½ (UK). The ring is unhallmarked and stamped "RJ 18ct". Circa 1970s
