Description

Venetian shaped sideboard in fruitwood (likely apple or pear), dating to the late 19th century. The faceted sides and cup-shaped front feet reflect the furniture tradition of the Bassano and Vicenza area, with simple yet elegant lines typical of Venetian domestic interiors. The wood has a compact, refined grain, enhanced by a warm walnut-toned finish. Fitted with three upper drawers and four lower doors. Drawer fronts are original; the interiors of the two side drawers were later replaced, while the central drawer remains intact. Good overall condition. The top shows wear and would benefit from refinishing. Measurements: width 164 cm, depth 51 cm, height 104 cm. For further information, photos, or technical details, please feel free to contact us.
