

Lion Bronze Table Clock Marble Base Sphere Glass Desk Clock Working

500 EUR

Period : 20th century

Condition : Restauré

Length : 18

Width : 13

Height : 23

Description

Decorative table clock featuring a sculptural lion in patinated bronze, supporting a spherical clock resting in the animal's jaws. The clock is fitted with magnifying convex glasses, creating a distinctive visual effect and enhancing readability. The sculpture is mounted on an elegant green marble base, typical of early 20th century decorative clocks. Dimensions Base: approx. 18 × 13 × 23 cm Clock diameter: approx. 8 cm Condition The clock and sculpture show light wear consistent with age and use. Marble base presents natural veining and minor signs typical of the material. Please review photos carefully as they form part of the description. Functionality The movement is functioning at the time of listing; as with all vintage mechanical clocks, periodic servicing or
