Description

DescriptionThis sculpture represents a female bust executed in patinated bronze and mounted on a vertically oriented stone base. The figure features simplified delecate facial modeling, an elongated neck, and gently defined shoulders. The bronze surface displays a green patina with visible tonal variation. The stone base is left rough-textured, creating a clear material contrast with the refined upper form. The work is signed with an unidentified mark and numbered 3/6, indicating a limited edition.ArtistArtist unknown.Artist DetailsThe artist has not been identified. The sculpture's materials, edition numbering, and modeling are consistent with 20th-century studio bronze practices, but no documented attribution can be confirmed at present.MovementsModern Figurative
