

## 18th-century Carved Wooden Frame

600 EUR

Period : 18th century

Condition : Etat d'usage

Description
-------------

A beautiful 18th-century carved wooden frame. It features finely sculpted moldings. The original gilding has been covered with a layer of bronze, but it remains visible underneath in places. The frame has warped slightly over time, resulting in a minor settling. This does not, however, prevent the display of a painting inside. Dimensions:  
Overall: 102 x 85.5 cm; Rabbet: 83 x 67 cm;  
Visible area: 80 x 63.5 cm
