### Description

Lever-action fountain pen and pencil by Waterman. Model 3V, circa 1925. It is rare to find this set, pen and pencil in their original cases. A heart-shaped mark appears on the top of the cap; this would seem to be a coincidence, but it's hard to believe. It's possible it was a special request from the person who commissioned it, perhaps for a romantic gift. Both are signed. Good external condition. Length: 12 cm.
