Description

Antique hexagonal pendant in smooth gold on both sides, bordered all around by small engraved laurel leaves. A hinge on the side allows the medallion pendant to be opened to insert one or two keepsakes, which can be held in place by the gold circles. Pendant sold alone without its presentation chain. Period: 20th century. Main material: 18k rose gold (750/1000), eagle's head hallmark. Proportions: Height: approximately 3.7 cm, width: approximately 2.5 cm, thickness: approximately 4.4 mm. Net weight: approximately 4 g. Authentic antique jewelry - French work from the early 20th century. Our opinion: The smooth sides of the antique medallion are in satin-finished gold, which gives it a great deal of charm and elegance. To learn moreDiscover the product page for this hexagonal
