### Description

Antique oval pendant, slightly domed, with a hinged opening on the side to hold a keepsake. The front features finely chiseled floral motifs, each adorned with two half-pearls and a small emerald with its pavilion facing upwards. The pendant is sold alone, without its presentation chain. Period: 20th century. Main material: 18k yellow gold (750/1000), eagle's head hallmark. Proportions: Height: approximately 3.5 cm, width: approximately 1.7 cm, thickness: approximately 4.4 mm. Net weight: approximately 2.5 g. Authentic antique jewelry - French work from the early 20th century. Some minor signs of age on both sides, barely noticeable. Our opinion: A gold keepsake pendant to hang on a pretty antique yellow gold chain. To learn moreSee the product details for this oval
