Description

A 18k yellow gold ring with an original design, resembling intersecting cornucopias, and a raised, feather-like motif. At the tip of each feather are small, natural turquoise flowers set in prongs. A very original creation, European work circa 1930-40. Gross weight: 6.1 grams. Ring size: 55. The height is that of the ring when worn. Good condition with a patina of age. All taxes and customs fees for international orders are the responsibility of the buyer. For shipping outside Europe or the rest of the world, please contact us.
