### Description

Life-size Harlequin Great Dane, Ceramic, 1960s. Ceramic Great Dane, circa 1960-1970, life-size. A very beautiful harlequin Great Dane in glazed ceramic from the 1960s-1970s, with a maker's mark underneath. It is in perfect condition and of very high quality, in a very natural pose, wearing its studded leather collar. It may seem a little kitschy, but it has a lot of presence; you don't see many like it anymore. Dimensions: 93 cm tall, almost as big as a real one!
