

Neo-renaissance Bed

Description

Neo-Renaissance style bed in carved wood dating back to the early 1900s. Four turned and carved columns, culminating in a carved pine cone at the headboard, contain a carved panel with leafy scrolls. The front and sides feature carved bands, and the turned feet rest on a plinth. The entire surface has been lacquered in antique ivory tones in our workshops using natural products, preserving the original reversibility of the furniture.
