

Painted Chest Of Drawers With Tiled Decoration, 19th Century

2 500 EUR

Period : 19th century

Condition : Très bon état

Material : Painted wood

Width : 102

Height : 88

Depth : 54.5

Description

Painted chest of drawers dating to the 19th century, featuring three drawers and a straight case. The drawer fronts are newly decorated with a geometric pattern in black and ochre tones, creating a strong visual depth. The surface displays intentional wear and decorative patination, emphasizing the piece's historic character. Raised on turned feet, the chest combines folk-inspired design with a striking decorative presence.
