Description

A lovely pair of antique Parisian porcelain vases from the Restoration period (circa 1820). They are decorated with charming bouquets of various flowers, entirely hand-painted, each one unique and executed with great finesse. The whole is enhanced with fine gold trim and decorated with stylized floral motifs. The handles are also highlighted with fine gold and adorned with matte gold grotesques (see photo). Please note: the gilding shows some wear due to its age (visible in the photos), which is perfectly normal for this type of object. Nous signalons un léger défaut sur la bordure du col de l'un des vases, (voir photos avec flèches). Dimensions: height 20 cm, base: 9 cm x 9 cm. Shipping and handling costs: EUR30 within mainland France; please contact us for other destinations.
