

Laughing John, Crying John - Bronze, France, C. 1900

500 EUR

Period : 19th century

Condition : Très bon état

Material : Bronze

Description

- Bronze. - These two iconic 18th-century figures embody the eternal contrast of the human condition, juxtaposing the radiant face of optimism with the melancholic grimace of despair. Through this theatrical dualism, they celebrate, with biting irony, the fragility of emotions and the fickleness of the soul in the face of life's vicissitudes. - 16 cm high each
