

## A Light Green Patinated Chest Of Drawers With Silver Accents, Late 18th Century

2 900 EUR

Period : 18th century

Condition : Très bon état

Material : Painted wood

Width : 107

Height : 88

Depth : 59

### Description

Large late-18th-century chest of drawers with four drawers and a clearly articulated rectangular case. The drawer fronts and case are defined by molded paneling. The chest stands on bun feet. The surface is finished in a light green painted ground with silvered accents. The painted decoration has been newly executed after historical models and carefully patinated to achieve an aged appearance.
