### Description

A matching sideboard from the same designer is also available in our shop! This 1960s dining table was produced by Wilhelm Renz (marked "WR" under the tabletop). It combines a beautiful wood top with a pronounced grain with a dark gray/black square metal frame. A very practical model with its integrated extension leaf. The table is in its original condition and shows the normal signs of age: a few small nicks on the edges of the wood and some scratches/paint chips on the metal base (see photos). The piece remains sturdy and full of charm. Dimensions: Length: 145 cm (and 205 cm with extension) Width: 85 cm Height: 73 cm
