Description

A lovely pair of low armchairs dating from the 1950s. They feature a sturdy metal frame covered in black-painted woven wicker. An original design, very typical of the period. The frame is in good condition and very stable. The wicker shows a patina consistent with its age and wear: there are some paint chips and a few small losses in places (visible in the photos). EUR800 for the pair. Dimensions (per armchair): Width: 66 cm, Total height: 51 cm, Seat height: 18 cm
