

Italian Earthenware Lamp Base, Majolica In The Style Of Urbino, Antique Decoration, Late 19th Century

1 380 EUR

Period : 19th century

Condition : Très bon état

Material : Earthenware

Height : 50 cm

Description

Exceptional Italian earthenware lamp base in the Urbino style, southern Italy. This baluster-shaped majolica piece on a pedestal is decorated with an antique scene on its front and a landscape of lakes and mountains on the back. It is adorned with two handles in the form of snakes supported by two mascarons. A high-quality piece, entirely hand-painted and made at the end of the 19th century. The wiring is recent; sold without a lampshade. Dimensions: Height to socket: 50 cm; maximum height of the earthenware: 47 cm. Please contact us for shipping costs.
